

Apple Tree Game

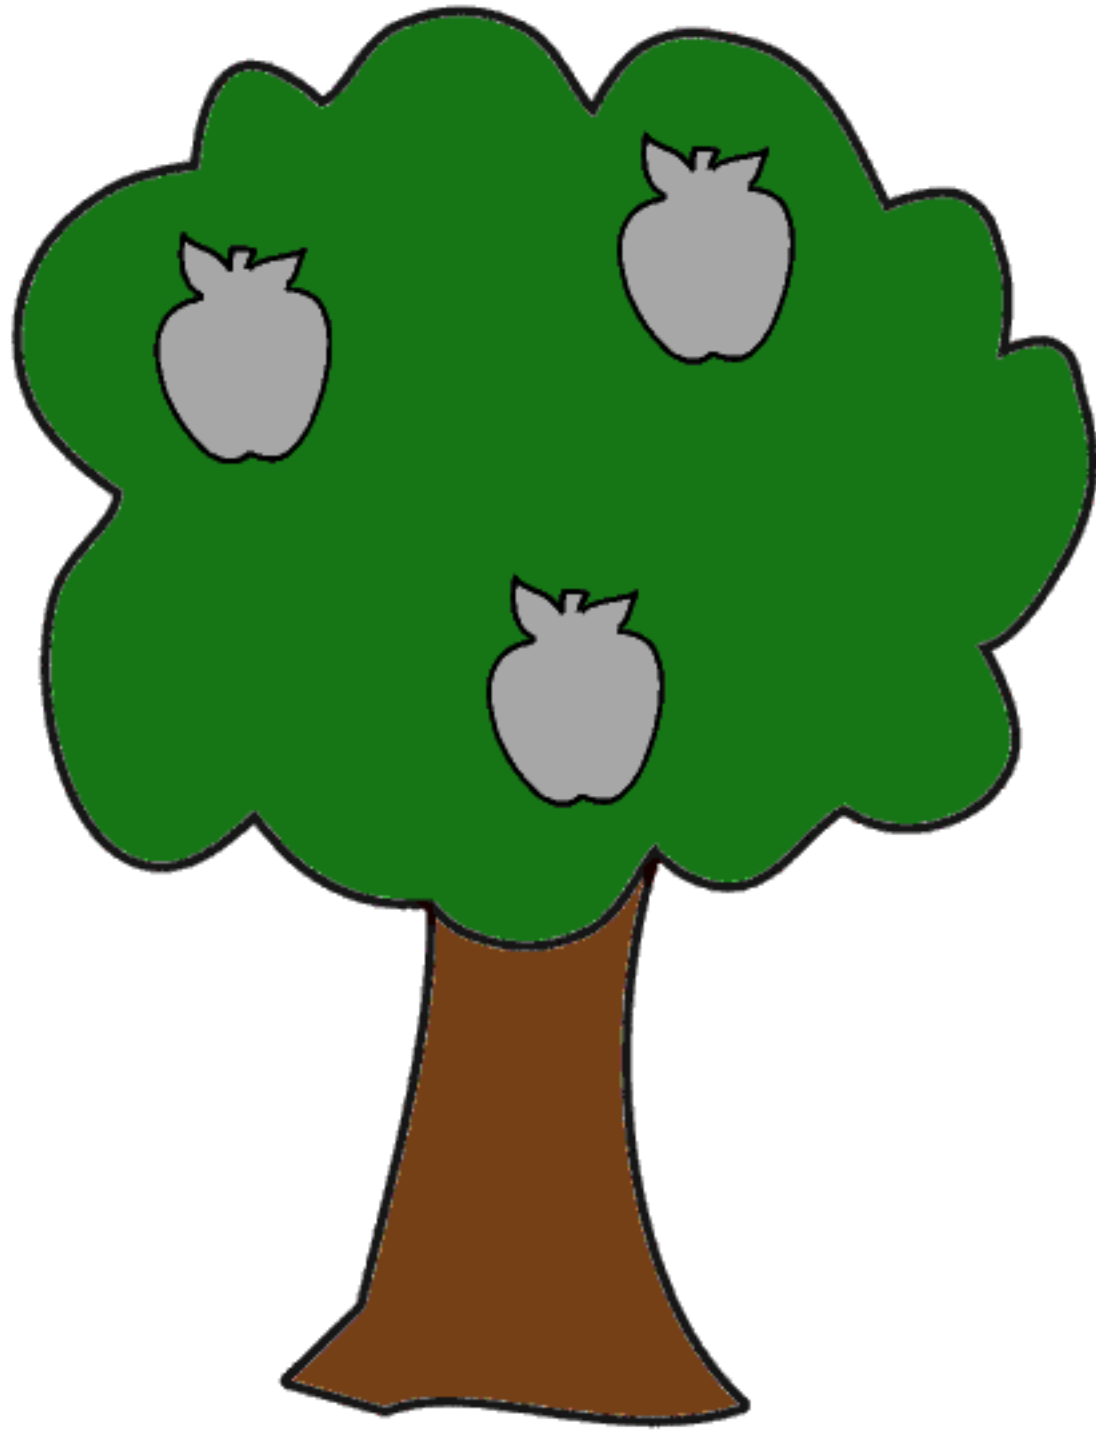

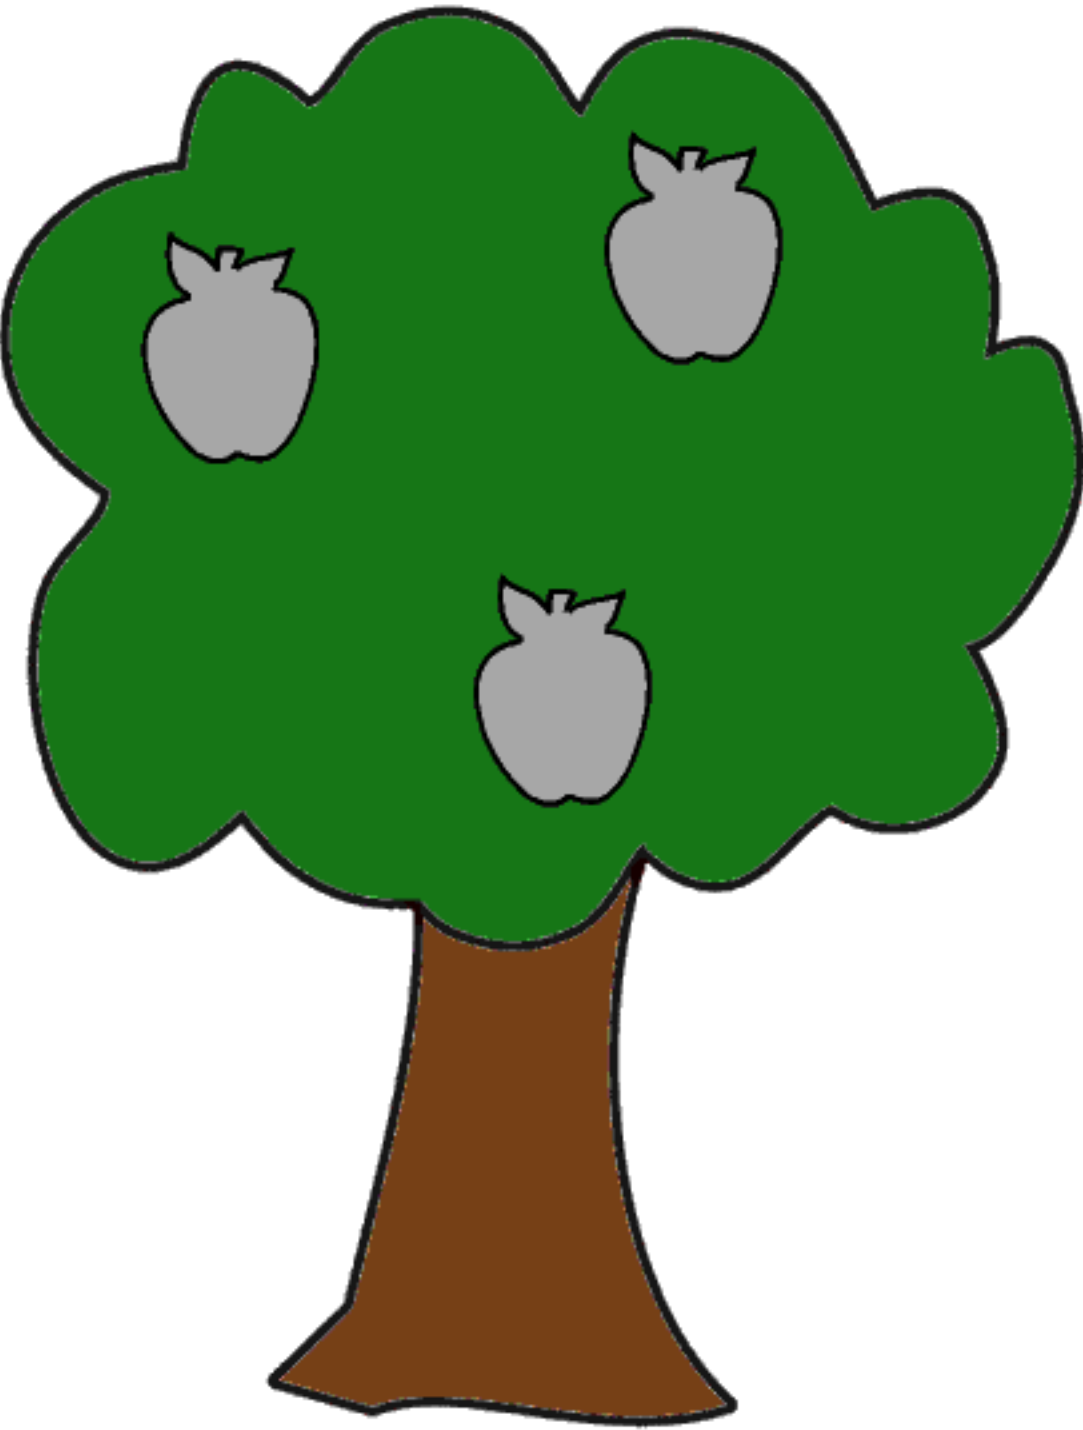

Print one copy of the game board. Print one copy of the tree/apples per child. A die and pawns are needed to play this game. Children place their pawn on Start. Using the die, they roll and move around the board collecting one apple of each colour. If they land on an apple that they already have, they do not take a second apple of that colour. The first person to collect all 3 apples wins. A colour and black & white version is included.
