

# Art Game

You will need one pawn per child and a die to play this game. Print one game board on card paper. Print one copy of the art game collector card for each child a a set of picture cards per child on card paper. Laminating will ensure durability. Children place their pawns on start. Children roll the die and move around the board collecting picture cards as they land on them. One of each picture card is collected - if they land on a card that they already have, they do not collect a second card. First player to collect all 5 cards is the winner.
