

Easter Egg Hunt Game

Print one game board on card paper. Print one copy of the Easter basket and eggs card and a set of eggs to collect per child.

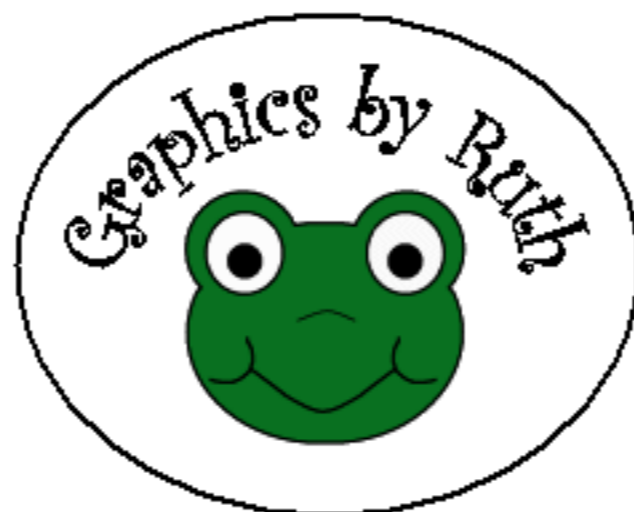

Laminating will ensure durability. Using a die, they roll and move around the board collecting the picture cards as they land on them. Only one of each coloured egg is collected. If someone lands on an egg that they already have, they do not collect another egg. The first person to collect all 4 coloured eggs wins.

Younger children can match the coloured eggs to their matching board while older children can match the coloured eggs to the colour words on their matching board.

A colour as well as a black and white version of the game is included.
