

# Happy New Year Game

Print the game board on card paper. Print one Happy New Year board and set of cards per child. Laminating will ensure durability. Children place their pawns on START. Using a die, they roll and move around the board collecting the picture cards as they land on them. One card of each picture is collected per player. If they land on a card they already have, they do not collect a second card. First person to collect all 5 picture cards wins.
